

MERCURY crystal

External Crystal

Whilst Apollo Crystal allows you to view a wide range of existing reports , Mercury Crystal not only allows you to view them but actually allows you to modify , change , add to them!

You do not need a copy of Crystal Reports to make changes to totals, headers, graphics, charts etc . Mercury Crystal allows you to change the reports in an easy to use platform.

- Add Graphs
- Modify Totals
- Add Formula
- Change Layouts
- Move Fields
- Re-order Lines
- Change paper sizes

You can even open non-Apollo reports , so you can modify any Crystal Report on your system.

Advance Users can filter unwanted data , add complex formula , add XTables , add highlighting etc all from / to any networked PC.
