## Wavesoft

Use portable devices such as I pads to take orders, send to Apollo and automatically print in the kitchen / bar areas.

## Apollo Optimus

Stock take, Order, deliveries and even add items on a windows based handheld barcode terminal.

## Hotel System

Take bookings, extract to sales, A4 billing, email/sms customers, historical drill-down all from within Apollo.

## Loyalty

Track customer spend, reward with points, give discounts, look at historical spends etc.  
Pre-printed cards, barcodes or simply by post code.

## External Devices

Barcode scanners, Card Readers, Chip & Pin, Label Printers, Weighing Scales, Customer Displays, Back Office PC, Handheld devices and many more .
