

Wavesoft integrates with LCR`s Apollo Point of Sale to allow wireless table ordering across a variety of handheld units.

- Increase accuracy
- Speed up service
- Reduce mistakes
- Increases staff product knowledge
- Indoor/Outdoor use
- Multiple devices on 1 system
- Food/Drink printing

Wavesoft works on a variety of handheld devices from the rugged Widely windows CE PDA to the Ipad/Ipod touch screens from Apple.

Apollo to Wavesoft is a seamless operation. All items on Apollo can be sold on Wavesoft, then printed to either a kitchen printer or drinks printer. NO need to set Wavesoft up separately as Apollo sends directly from within Apollo
